

The 10th Edition of MRI in Veterinary Medicine

Scientific Program

FRIDAY, MAY 13th, 2022

PLENARY SESSION		
09:00 am	Welcome and Introduction - <i>E. Bassi (Esaote)</i>	
09:15 am	The blessing of recent Esaote MRI developments - <i>M. Konar</i>	
10:00 am	Pitfalls and pearls in low field MRI - <i>C. Briola</i>	
10:45 am	COFFEE BREAK	
SMALL ANIMAL	EQUINE	
11:05 am	Extraneural MRI changes which mimic neurological diseases <i>S. Cizinauskas</i>	Standing MR for horses using the G-scan Equine <i>G. Myhre</i>
11:55 am	The use of MRI in the diagnosis and management of ear disease <i>M. Herrtage</i>	MRI of Equine Stifle Injuries - A review of the first 300 cases <i>M. Waselau</i>
12:45 am	LUNCH BREAK	
1:45 pm	Diagnosis and treatment of cervical spondylomyelopathy: a surgeon's perspective (part 1) - <i>B. Nanai</i>	Choosing the correct region after blocking <i>K. Selberg</i>
2:35 pm	Correlations between vertebral anomalies and spinal cord diseases <i>M. Baroni</i>	MRI examination of the equine tarsus: examination protocol, reference images and clinical cases - <i>F. Audigie</i>
3:25 pm	COFFEE BREAK	
3:45 pm	MRI of Spinal cists - <i>C. Falzone</i>	Interactive Case Studies Discussion - <i>All the Speakers</i>
4:35 pm	Interactive Case Studies Discussion - <i>All the Speakers</i>	Interactive Case Studies Discussion - <i>All the Speakers</i>
5:30 pm	ADJOURN	
7:00 pm	WELCOME APERITIF	

SATURDAY, MAY 14th, 2022

08:45 am	OPENING REMARKS	
SMALL ANIMAL	EQUINE	
09:00 am	MRI vs. clinical findings in lumbosacral disease in 240 dogs <i>T. Goedde</i>	MRI-Findings in relation to diagnostic anesthesia. Observations in cases of distal limb pathology <i>M. Waselau</i>
09:50 am	MRI of Nerve disease <i>C. Falzone</i>	Distilling down the imaging findings: what to treat <i>K. Selberg</i>
10:10 am	COFFEE BREAK	
11:00 am	MRI of carpus, tarsus and paws - <i>M. Konar</i>	Practical scanning techniques using the Gscan Equine for horses - <i>G. Myhre</i>
11:50 am	Diagnosis and treatment of cervical spondylomyelopathy: a surgeon's perspective (part 2) - <i>B. Nanai</i>	Carpal MRI: what does it tell us? - <i>M. Waselau</i>
12:40 am	LUNCH BREAK	
1:40 pm	Interactive Case Studies Discussion - <i>All the Speakers</i>	Interactive Case Studies Discussion - <i>All the Speakers</i>
2:40 pm	Interactive Case Studies Discussion - <i>All the Speakers</i>	Interactive Case Studies Discussion - <i>All the Speakers</i>
3:40 pm	CONCLUSIONS IN PLENARY SESSION - ALL THE SPEAKERS	
4:00 pm	END OF THE MEETING	
7:30 pm	SOCIAL DINNER IN POMPEII
